

Yacht Club Letter

We are pleased with the success of Youth Sailing Schools that have received contributions from our Foundation, the John B. and Nelly Llanos Kilroy Foundation.

We now wish to provide a new **technique** for funding and awareness of the benefits that such schools provide, customarily as a program of a Yacht Club.

Youth Sailing Schools **teach** more than just the sailing. They teach maturity, competitive friendship, the fundamentals of mathematics and physics and the joy of participation.

Our new plan is to have the Yacht Club offer copies of my book KIALOA US-1: Dare to Win to those who will contribute \$25.00 or more to their Yacht Club Sailing School and pay \$14.50 for the handling and shipping expense. The book will then be shipped to their home or their Yacht Club as desired. The current amazon.com price is \$35.00.

Our Foundation also grants funds to sailing schools who provide this wonderful experience to needy and underprivileged children with outstanding results. We welcome your participation and that of your Yacht Club Members.

My daughter, Trice Kilroy, is managing this program and can be reached by email at

Patrice.kilroy@kialoa.us or telephone at 401 996-0168.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Kilroy".

Jim Kilroy
